A Weekly Digest of the Most Important
Facts and Happenings for Busy
Readers.

Under the direction of its chief, Brig. Gen. William Crozier, the ordinance department in Washington has made one of the most important advances in the preparation of modern war devices since the Krupp face-hardening process of armor was perfected. It is a new time fuse used in combination with a powerful explosive, the formula of which is known only to the ordinance department. The importance of the discovery lies in the fact that it does not detonate the projectile until the penetration limit of the projectile has been reached. Its great value to the United States will be understood when it is explained that with this fuse and a shell loaded with the secret explosive fired from a twelve-inch gun a penetration of fourteen inches of Krupp armor has been secured before the detonation. The heaviest Krupp armor used in any battleship in the world is only twelve inches thick. Heretofore it has been regarded as absolutely invulnerable against the best shell and the most powerful rifle in existence.

CYCLONE SINKS SHIPS.

Storm on the Gulf of California wrecks five vessels. A cyclone visited the Gulf of California, wrecking vessels and damaging many buildings in the coast cities. At Guaymas five vessels were sunk. Two of them—El Luelia and El Gravana—were large steamers engaged in coastwise trade. The public building, containing the offices of the harbor master and collector of customs, was destroyed by the cyclone. The residence of the English vice-consul was unroofed and otherwise wrecked. The new municipal hall and city prison were damaged.

NEW ROUTE FOR CHINESE.

Prairie Schooners Used to Smuggle Them Across Border. A prairie schooner loaded with six smuggled Chinamen piloted into this country from Mexico by an American has been captured near Douglas, Arizona, by customs guards. The driver of the wagon escaped, but the Chinamen are in custody on the charge of violating the exclusion act. Detective Fley of the Bisbee Railway said that an investigation disclosed that Chinamen have been smuggled into the United States for some time on prairie schooners, which failed to arouse the suspicion of the border guards.

Standing of League Clubs. Following is the standing of the clubs of the National Baseball League:

Club	W. L.
Pittsburgh	40 20 Cincinnati
Brooklyn	40 30 St. Louis
Boston	41 37 Philadelphia
Chicago	44 40 New York

The clubs of the American League stand as follows:

Club	W. L.
Chicago	44 35 Washington
Boston	40 37 Baltimore
Philadelphia	42 34 Cleveland
St. Louis	43 30 Detroit

Self-Slayer Makes Record. Charles Fieble, a prominent farmer and stockman residing near Latham, Neb., made three attempts to commit suicide before succeeding. He first tried to shoot himself through the heart, but the bullet, the last one in the revolver, failed to strike a vital spot. He then leaped into a fifty-foot well, but was rescued by relatives. Later he took the rope from the well and hanged himself from a rafter in the barn.

Fire Ruins Lipton Warehouse. Fire in the plant of the Thomas J. Lipton Company at the Union stock yards in Chicago caused a loss of \$225,000. It was vicious while it lasted. The entire contents of warehouse "B" were destroyed, only the walls of the building remaining. The fire is supposed to have been caused by crossed electric wires.

Indiana Postmaster Slain. L. D. Zimmermann, postmaster for a quarter of a century at Lynville, Ind., was fatally shot by two robbers, who secured over \$500 in money and made their escape on a hand car. A posse is in pursuit.

Injured in Strike Riot. One person was killed and between forty and fifty were injured, some fatally, in a riot at Shenandoah, Pa. Those hurt include five officers. Forty or more of the rioters, nearly all foreigners, were wounded.

Weekly Crop Report. The weekly crop report found temperature generally favorable; corn making good growth and spring wheat promising; grain delaying winter wheat harvest and drought seriously hurting cotton.

Russian Troops to Stay. In a dispatch from St. Petersburg the correspondent of the London Daily Mail says the order for the withdrawal of Russian troops from Manchuria has been rescinded, as that country is overrun with Chinese robber bands.

Sick Man Shoots Son and Self. In a fit of temporary insanity as a result of a severe attack of pneumonia, D. P. Dye, formerly a barber, shot and fatally wounded his 11-year-old son, Carroll, and then committed suicide at his home in Louisville.

Alderman Is Found Guilty. Harry B. Faulkner, member of the St. Louis House of Delegates, was found guilty of perjury in connection with the bribery scandal in the Municipal Assembly over the Suburban franchise bill. The jury fixed his punishment at two years in the penitentiary.

Sails for Hidden Treasure. The schooner Hermann has sailed from San Francisco for the South seas, ostensibly on a pleasure trip, but in reality, it is said, in search of buried treasure, amounting to \$70,000,000 reported to have been hidden on an island by the mutinous crew of a Japanese ship.

STOPS MINERS' FOOD.

Radical Injunction Issued by Judge Kettler of Charleston. An injunction that will prevent the distribution of food supplies to striking miners in West Virginia was issued Monday by Judge B. F. Kettler in the United States District Court in Charleston. It is denounced by the coal miners as the most drastic of the rulings that have brought the American people under the domination of "government by injunction." It is regarded also as an attempt by the operators to prevent the great strike fund now being raised by the United Mine Workers of America from being distributed expeditiously or at all in West Virginia. In precise terms the injunction restrains W. B. Wilson, national secretary of the mine workers, "Mother" Jones and other non-residents of the State from locating supply camps near the property of the Gansley Mountain Coal Company. Many of the striking coal miners of the State, especially those who formerly worked in this company's mines, live on or near this property. Violation of the injunction is punishable by jail sentences and by heavy fines for contempt of court.

GIRL TAKES A BOX-CAR TRIP.

Rides 600 Miles and Wakes to Find Clothing Gone. Eva Beck, a pretty girl, 18 years old, of Van Buren, Ark., wanted to go to Kansas City, and she did not have the money to pay railroad fare. Hence she embarked in a box car and successfully made the trip of 600 miles. All went well until within a hundred miles of Kansas City, when Miss Beck and a girl who accompanied her on the box car found the car so warm that they removed their clothing and lay down to sleep. When Miss Beck awoke she found her friend gone and also her own clothing. When the freight train came to a standstill in the Kansas City yard, the girls were amazed to see a bare female arm protruding from the car door and to hear a woman's voice calling them. Concealed behind the door she related her story and the railroad men hastily collected as many feminine garments as they could, rescuing the girl from her embarrassing plight. She was placed in charge of the police matron.

WARS COST \$1,140,000,000.

England's African and Chinese Campaigns. Sir Michael Hicks-Beach, in an address in London dealing with national finance, the Chancellor said that the Chinese and South African wars, of which amount the taxpayers have already willingly contributed \$75,000,000. The expenditure had been borne without serious injury to commerce, and \$150,000,000 had been borrowed on easy terms, which Great Britain's continental neighbors envied, but could not imitate. Next year Sir Michael Hicks-Beach said he looked for a remission of taxation, and he warned his hearers against the constant growth of national expenditure, urging that preparations ought to be made for a day of adversity, and that the revenue, though increasing, should not be impaired in times of peace.

DROWNS TO SAVE PLAYMATE.

Girl's Heroic Effort Fails and Both Go Down Together. Josephine Kastner lost her life at St. Paul in trying to save her playmate, Mary Miller, from drowning. They were 12 and 15 years old, respectively, and with a younger brother of the Kastner girl had gone bathing in Long Lake at New Brighton. The trio got aboard a raft near the shore and gradually floated into deep water. Here the Miller girl became frightened and fell into the water. As she sank a second time, Josephine Kastner, forgetting that she could not swim, jumped overboard and grabbed her little playmate. The girls struggled for each other's arms for a few seconds and sank. The bodies of the girls were recovered.

BROKERS BUY UP TICKETS.

Get \$50,000 of Half Fares to New York.

Since the railroad companies operating between New York and Chicago have agreed to cease selling half-rate excursion tickets from Western points to New York and Atlantic City and return; it has been discovered that Chicago ticket scalpers have secured about \$50,000 worth of these reduced rate tickets, and are putting them on the market as fast as possible. Most of these tickets in the hands of scalpers are for excursion dates which the Central Traffic roads and the trunk lines agreed to cancel. Those tickets are said to have been issued by overzealous passenger agents of certain roads before the harmony agreement was reached.

Cholera Raging in Egypt. One hundred and twenty-four cases of cholera have been reported in Cairo, Egypt. The drinking fountains have been closed. The epidemic is of almost virulent character. Many of the natives are attacked in the street and die in a few minutes.

Islanders Urge Annexation. All the planters in the larger West Indian Islands are talking of annexation to the United States, owing to their dissatisfaction over the small amount of money contributed by the imperial government to help the sugar industry.

Juvenile Strikers Give In. The Chicago messenger boys' strike ended Sunday night in a practical victory for the employers. Rioting all day and assault with clubs on Detective Peter Johnson, who stabbed his assailant, disgusted the strikers.

Great Oil Combine. The greatest trust the world has yet seen, a combination which will have absolute control of the trade of Europe,

America and Asia, sprang into being when a semi-official announcement was made in London of the merger of the interests of Rockefeller, Rothschild and Nobel. This combine has unquestioned proprietorship of the great oil fields in the United States, in Russia and in Siberia.

START A FARMERS' TRUST.

Indiana Wheat Growers Would Combine All Coworkers. Indiana farmers have started a movement to effect an organization to control the wheat and corn crop. The organization is designed to take in every farmer in the country. It will be of such gigantic proportions that the gain of all American farmers will be annually \$500,000,000. The idea is to make effective the now ineffective tariff on wheat by holding the crop until the price is higher. The plan was started by Clarence Miller of Frankfort, a young school superintendent. It is proposed to make an organization in every township and any member in need of money will be given it from the farmers' trust bank, which is to be a part of the organization, his crop to be given as security for the loan to enable him to avoid selling while the price is low. Kansas City, Mo., it is said, is to become the greatest center of co-operative movements in the United States. Walter Vrooman is able to close negotiations now pending. George F. Washburn, a capitalist of Boston and a member of a family that boasts of a Secretary of State, two governors, four members of Congress, two foreign ministers, a major general and others of prominence, is coming to Kansas City to join forces with the Central Western Co-operative Association. There are already a dozen or more stores, several factories, one town, several theatrical ventures, a flour mill or two and various other enterprises.

MANY SCANDINAVIANS COME.

Transport Lines Have Greatest Rush of Emigration in Years. The transport lines at Copenhagen, Denmark, are coping with the greatest rush of Scandinavian emigration to the United States since the '90s. Every outgoing vessel, Scandinavian or American, is crowded. The Oscar II, of the Scandinavian-American line is taking 1,000 emigrants on each trip. Her two sister ships will now be hurried toward completion in order to handle the traffic. The cause of this rush is the unprecedented hard times throughout Scandinavia, as well as the more stringent conscription laws in Sweden. The emigrants are mostly of an excellent class, and are bound chiefly to Western States where they will settle on agricultural lands. The total number of emigrants which left Copenhagen for the United States during the nine months ended with March, 1902, were: Denmark, 3,483; Norway, 8,046; and Sweden, 15,001.

PERU SUFFERS SUGAR CRISIS.

Industry Almost Paralyzed and the Country Needs Relief. Peru has come in for a share of the great crisis in sugar. A report made public at the State Department from United States Minister Dudley at Lima, says that a commission had just been appointed to "investigate and report to the executive on measures calculated to relieve the difficult situation of the sugar industry." The general prosperity of Peru, Minister Dudley says, may be fairly said to vary with that of the sugar producer. Forty per cent of the capital of that country, he says, is invested in cane sugar growing. In consequence of the decline in the price of sugar during the past year the industry has suffered most severely and with it all the allied or dependent interests.

KILL 600 ANGORA GOATS.

Masked Men Commit Wholesale Slaughter of Flocks. On Saturday night fourteen masked men appeared on the American ground of the Angora Range Association in Pinon Mesa, Colo., where about 1,000 goats were ranging. Three herders who were in charge of the goats were bound, while the masked men slaughtered more than 600 of the flock by shooting and stabbing them. The loss is estimated at \$4,000. Mrs. M. B. Irving, manager of the association, came to Colorado from Chicago about two years ago, and is a widow 38 years old. She is an author. There are several other goat ranches in the vicinity which have been threatened by the cattle men.

FINDS CAUSE OF SCOURGE.

Commission Discovers Origin of Yellow Fever. At a meeting of the Cuban cabinet Diego Tamayo, secretary of government, stated that the American medical commission, which is at Vera Cruz, Mexico, studying yellow fever, was of the opinion that it had discovered the cause of the disease and that he had decided to write the commission and ask if it was disposed to give the Cuban government any information in the matter. If the reply of the commission is favorable the cabinet decided to send Dr. Gutierrez to Vera Cruz to learn the nature of the commission's discovery.

Lightning Kills Baptist Minister. Rev. B. O. Mitchell, a Baptist minister of Louisville, Ky., while visiting his brother-in-law, George H. Maeston, near Yelvington, was struck by lightning and instantly killed.

Committee's Accusations. The anti-imperialist committee has announced the results of its Philippine inquiry, and accused American troops of murder, robbery, torture of Filipinos. The President is urged to investigate.

Merchant Commits Suicide. A. M. Horchelich, the well-known Chicago merchant, killed himself with a revolver, insomnia and physical suffering prompting the act. His estate is figured at \$1,000,000.

Strikers Still Firm. Anthracite miners began the eleventh week of the strike sure that operators cannot get skilled employees to resume work. Unskilled labor is plentiful, but is not likely to be used.

Finding Is Approved. President Roosevelt approves the finding of the court-martial in the cases of Maj. Glenn and Lieut. Gouchal, convicted of administering water cure to Filipinos.

Status of the Packing Industry. A census report on the packing industry shows 198 concerns driven out by big companies in ten years. Illinois plants decreased from 81 to 64. Total capital increase was \$72,510,700.

Cuts Finger with Grass and Dies. While mowing his lawn Walter Kilner, a wealthy retired business man of Mattoon, Ill., cut his finger with a blade of grass. Blood poisoning set in and he died in great agony.

Assures Big Corn Crop. Turkey grain men say a corn crop of 200,000,000 bushels is assured in Kansas. They estimate that Nebraska, Kansas and Oklahoma will harvest 500,000,000 bushels of corn.

ITEMS OF INTEREST

The finest livery stables in Chicago are those of the Erie Livery, 190 to 201 Erie street, and 108 to 170 Ontario street. The proprietor, Mr. William A. Hinkins, is one of the best known and best liked horsemen in the country. Foundations new pumps, Hyde Park waterworks. Center pier abutments and approaches, Diversey avenue swing bridge. Toledo, Ohio, harbor improvements. St. Joe, Mich., harbor improvements. Main and Canal street bridges. Dredging Chicago Outer Harbor for the United States Government.

Minerva Mineral Spring Water (bottled at the spring) is the purest table water in the world. The best people in Chicago use it. Order from the owner, Henry Garben, 31 West Ohio street. Telephone Monroe-80.

Minerva Mineral Spring Water is a world-beater. The following testimonials speak for themselves: Chicago, April 1, 1895. Henry Garben, Proprietor, Minerva Mineral Springs, Cary, Ill.: I have made a bacteriological examination of the Minerva Spring Water by culture method, and have found the water free of bacteria. DR. G. FUTTERER, Venetian Building, Chicago, Feb. 15, 1893. Henry Garben, Proprietor, Minerva Mineral Springs, Cary, Ill.: Dear Sir—On the 31st of January of this year I visited your spring at Cary, Ill., and personally took samples of water from it. From the very favorable results of my examination and tests, and from the additional fact that Prof. Wheeler found neither nitrates nor nitrites in the water, I am led to the conclusion that the water from your spring is practically free from organic matter and is one of great purity. When I visited your spring I noticed with much interest the use of your patented device for protecting it from surface contamination, and I believe, as the results of my observation and tests, that the object is fully accomplished. Yours respectfully, WALTER A. HAINES.

All packages filled at the Springs. O. Gilbert Wheeler, chemist, 143 Lake street, says: "Minerva Spring Water is entirely free from organic matter, is of unusual purity, and is especially adapted for table use. Order from Henry Garben, Proprietor, 31 West Ohio street. Telephone Monroe-80.

People who desire first-class merchant tailoring will do well to patronize Mr. C. Masters, who has opened an establishment at the southwest corner of Dearborn and Randolph streets. Mr. Masters is one of the most popular as well as one of the best cutters in Chicago, and his success is assured.

No wonder the business of the Brand Brewing Company, at 1251 Elston avenue, has increased over 100 per cent during 1901. Their famous "Extra" brew already has a world-wide reputation.

Newton's famous hats and silk umbrellas are the best in the world, and Charles E. Newton is one of Nature's noblemen. Give him a call—135 Madison street, near Clark.

For an absolutely pure table beer the "German Beer" brewed by the Gambrinus Brewing Company is unequalled. Order by telephone West 1487.

For tents, awnings and waterproof covers go to Murray & Co., 329-333 South Canal street. These people are leaders in this line of goods.

The beer bottled by the Independent Brewing Association, the Ernest Brothers' famous plant, is the finest in the country. Order it for your residence. Phone, North 645.

Old Underfoot rye, the latest and best of the famous products put on the market by Charles Denney & Co., is the finest whisky made.

For Rheumatism, Stomach, Liver or Kidney troubles Deer Lick Mineral Water has no superior. The following testimonials from well-known physicians and prominent citizens tell a true story: The Medical Standard for January, 1901, says:

"Of the many natural mineral waters on the market we have some from American springs which meet the indications of many diseased conditions, such as dyspepsia, indigestion, constipation, Bright's disease. We wish especially to call attention to the Deer Lick Mineral Water. The Sulphate of Soda is the chief constituent of Carlsbad, Marienbad, Rubinat and Condal waters, and it occurs, associated with much magnesium sulphate in Aesculap, Hunyadi Janos, Friedrichshall and Kisslingen waters."

The Deer Lick Mineral Water is in reality a more efficient alternative and eliminant than any of these celebrated waters. Besides, it has valuable constituents which they do not possess, and which indicate its use in numerous cases in which they are inert.

J. B. Murphy, M. D., 100 State street, Chicago, Sept. 22, 1890, writes: The Deer Lick Mineral Water is one of well-deserved reputation, and is destined to have a very extensive use by the profession and the laity.

E. H. Pratt, M. D., 100 State street, Chicago, Dec. 10, 1896, writes: I have thoroughly tested the practical value of the Deer Lick Mineral Water and deem it of great value in Stomach and Liver troubles, especially following the use of tobacco and alcohol. It is also a valuable tonic for overworked nervous systems.

Hon. Walter C. Nelson, 101 Washington street, Chicago, Nov. 18, 1891, writes: My wife has been a sufferer from liver complaint for a number of years. Having heard of Deer Lick Mineral Water, I was induced to have her give it a trial, and she is now taking the water. She feels that it has done her a great deal of good, and I can cheerfully recommend it to any one suffering the same trouble or for general debility.

L. Everingham, Room 80, Board of Trade Building, Chicago, Nov. 2, 1897, writes: I have used several cases of Deer Lick Mineral Water with good results and consider it an excellent tonic, and one of nature's best restoratives.

A. L. Sweet, President Chicago, Wilmington and Vermillion Coal Company, Chicago, Feb. 23, 1901, writes: I had been troubled for years with gas in my stomach after meals, which at times affected my heart and caused great suffering. I consulted some of the best specialists for this trouble, but found no permanent relief until I began taking Deer Lick Mineral Water. I have now no trouble with either my stomach or heart, and I most cheerfully recommend the Water to any one so afflicted. Write for a treatise on Natural Deer Lick Mineral Waters. Address the Deer Lick Mineral Spring Company, 185 Dearborn street, Chicago, Ill.; Telephone Centre 2090.

Beale's Waukegan Brewing Company. It is with pleasure that we call the attention of the trade, and private families, to the fact that owing to the increasing demand for bottled ale and porter of undoubted purity and of the finest quality, we are now bottling the same under our own supervision. The frequent use of adulterants and substitutes for malt and hops in the manufacture of malt liquors has resulted in an inquiry for an article of domestic manufacture, wholly free from anything of a harmful or deleterious nature, and at a price that would commend its use to all. The failure hitherto to obtain such an article has led consumers to purchase imported goods at a high price. Therefore we are prepared to place on the market bottled ale and porter unexcelled in quality, equal in every respect to the imported, at a much lower price. Our goods being manufactured from the choicest barley malt and the best hops in the market, no substitutes whatever being used, and being bottled by ourselves at Waukegan, enables us to offer to our customers an absolute guaranty of their purity and quality. Families can obtain these goods of all the leading fancy grocers, the principal hotels, restaurants and druggists. BEALE'S WAUKEGAN BREWING CO.
